Metodologija Biologique Recherche temelji se na više od 40 godina dugom iskustvu s originalnom koncepcijom proizvoda i tretmana.

Formule proizvoda sadrže visoke koncentracije aktivnih tvari i sastoje se od biljnih, organskih morskih i bioloških ekstrakta bez mirisa.

Koži se uvijek pristupa na temelju personalizirane dermokozmetičke dijagnoze na osnovu analize Instant de Peau® (trenutnog stanja kože) u cilju postizanja neposredno vidljivog rezultata.

Biologique Recherche Ambassade de la Beaute nude jedinstvene i personalizirane tretmane u skladu sa individualnim Instant de Peau® (trenutnim stanjem kože) koji odgovaraju jednako ženama kao i muškarcima.

Autentičnost i uravnoteženost su srce i duša proizvoda Biologique Recherche.
